1995 Cumulative Subject Index

(Volume 12, Numbers 1-6, January-December 1995)

Advance directives

Beyond DNR. Reiter, Gary S, MD, FACP. Nov/Dec 95; 12(6), 34-37 DNR, Case review.

AIDS

Antiemetic therapy

Art therapy
The use of creative art forms to enhance counseling skills of hospice professionals in dealing with the bereaved. Zamierowski, Margaret J, MPS & Gordon, Abby, RN. Jan/Feb 95; 12(1), 5-8 Techniques, Alternative.

Assisted suicide

The art of dying in America. Byock, Ira, MD, FAAFP, FACEP. Mar/Apr 95; 12(2), 6-7 Dignity, Opinion.

Bereavement

Cancer
Prospective trials for the radiotherapeutic treatment of bone metastases. Berk, Lawrence, MD. Jul/Aug 95; 12(4), 24-28 Bone metastases, Palliation.

Caregiver

The grit and grace of being a caregiver: Maintaining your balance as you care for others. Miller, James, DMin. May/June 95; 12(3), 17-22 Techniques.

Children
Childrens’ descriptions of their feelings and what they found helpful during bereavement. Lenha, Carlee, RN, MS. Sep/Oct 95; 12(5), 24-30 Bereavement, Intervention.

Dealing with the death of a child. Miles, Al, MDiv. May/June 95; 12(3), 36-40 Coping, Techniques.

Depression

Family

Grief management
Creating the story of your life. Bergevin, Patrick, MD. Nov/Dec 95;
12(6), 11-27 Writing, Technique.

The courage to grieve, the courage to grow (By Judy Tatelbaum). Stage, Corey. Jan/Feb 95; 12(1), 2 Survivors, Video review.

Health care delivery

Kubler-Ross

Long-term care
The expanded team—Hospice in the LTC facility. Leibowitz, Cheryl, RNC & Browning, Sue. Mar/Apr 95; 12(2), 16-17 Expanded role.

Managed care

Marketing
Marketing hospice. Genovese, Kathy, ACSW, BCD. Nov/Dec 95; 12(6), 30-33 Administration.

Massage
Strengthening the family unit through the healing power of massage. Ellis, Vickii, RN, MS, Campbell, Helen, Cert. Mssg Pract., & Hill, Jennifer, RN, MS. Sep/Oct 95; 12(5), 19-21 Family, Alternative.

Pain management

Personnel

Perspective

Pharmaceutical
A multcenter, multiple dose, open label study of the initiation of sustained release morphine sulfate (SRMS) in chronic pain. Ritch, Paul, MD, Plezia, Patricia, PharmD, Rushing, Dan, MD, Heilman, Richard, PhD, Finn, John, MD, Andersen, Steve, MD, Schobelock, Micheal, PharmD, Mosdell, Kristen, PharmD, & Shepard, Kirk, MD. Jul/Aug 95; 12(4), 18-23 Morphine, Sustained release.
Antidepressants in hospice care. Stephany, Theresa, RN, MS. Jul/Aug 95; 12(4), 4-5 Depression, Opinion.

Hospice RN’s guide to chemotherapeutic agents. Stephany, Theresa, RN, MS, CRNH, & Baltic, Tammy, RN, MS, OCN. Nov/Dec 95; 12(6), 13 Chemotherapy, Nursing.

Nebulized morphine for dyspnea. Stephany, Theresa, RN, MS & Howe, Janice, RN, BSN, BA. Sep/Oct 95; 12(5), 6-7 Morphine, Opinion.

Physician attitude
Hospice and palliative care: Attitudes and practices of the physician faculty of an academic hospital. von Gunten, Charles F, MD, PhD, von Roenn, Jamie H, MD, Neely, Kathy Johnson, MD, Martinez, Jeanne, RN MPH, & Weitzman, Sigmund, MD. Jul/Aug 95; 12(4), 38-42 Utilization.

Poetry

Profile

Why Jack needed pain. Wilsterman, David. May/Jun 95; 12(3), 14 Re-
flection.

Program characteristics
Characteristics of hospice programs, directors, and selected staff in one western state. Sontag, Mary-Ann, PhD, ACSW. Jul/Aug 95; 12(4), 29-37 Personnel, Western US.

Quality of life

Russia
Citizen Ambassador Program of People to People’s International’s Hospice Delegation to Russia and Poland. Nelson, Fran, RN. Jul/Aug 95; 12(4), 6-8 Poland, International.

Spirituality
Spirituality and medical ethics. Jamieson, John, MDiv, PhD. May/Jun 95; 12(3), 41-45 Ethics.

Unfinished business: Assessing the spiritual needs of hospice clients. Dudley, James, PhD, Smith, Cheryl, MDiv, & Millison, Martin B. Mar/Apr 95; 12(2), 30-37 Assessment.

Stress

Stressors of hospice home care nurses caring for AIDS patients: A pilot study. Sloan, Marieann, MSN, RN, CNA, & Stephany, Theresa, MS, RN, CRHN, CS. Jan/Feb 95; 12(1), 32-36 Nursing, AIDS.

American Journal of Hospice & Palliative Care
Volume 21, Number 1, January/February 2004

Pacheco, MD; Paul J. Hershberger, PhD; Ronald J. Markert, PhD; Geetika Kumar, MD. March/April 2003; 20(2): 99-104.

Family issues
The contextual nature of decision making near the end of life: Hospice patients' perspectives. Donna M. Gauthier, RN, PhD; Valerie A. Swigart, RN, PhD. March/April 2003; 20(2): 121-128.

Hospice forum
Nurses and caring. Paul C. Rousseau, MD; Diane Kukulka, BSN, RN. January/February 2003; 20(1): 11-12.

Chronic obstructive pulmonary disease and dyspnea: A Pandora’s box of comorbid symptoms? Joshua M. Cox, PharmD; E. Duke Dickerson, MSc, PhD; Thomas L. Petty, MD. May/June 2003; 20(3): 179-181.

Obstacles to the delivery of acceptable standards of care in rural home hospices. William Dunham, MD; James Bolden, MPA, MT (ASCP); Elizabeth Kvale, MD. July/August 2003; 20(4): 259-261.

Hospice news

ICU plays major role in care of terminally ill children; “Rallying Points” accepting application for awards of excellence in community action; Wording of living wills may cause patients confusion. March/April 2003; 20(2): 93-94.

Restricting long-acting pain relief may raise Medicaid costs; Open Society Institute awards $490,000 in new grants to improve care of the dying; Palliative care programs proliferating rapidly in nation’s hospitals; FDA approves Emend® for chemotherapy-linked nausea and vomiting; Assisted suicide rate in Oregon rose sharply in 2002; WHO: Cancer rate may rise 50 percent by 2020; Collaborative study targets gaps in public policy regarding end-of-life care; Dutch approve distribution of marijuana for medical purposes. May/June 2003; 20(3): 175-177.

Open market for home health products raises specter of liability; Genetics can accurately predict chemotherapy side effects and treatment response; Implantable device more effective than conventional opioid delivery for managing pain; Assisted-suicide bills hit roadblocks in four states; Resistance training offsets androgen deprivation effects and improves QOL in prostate cancer patients. July/August 2003; 20(4): 255-257.

Physician grief over loss of long-time patients often unaddressed; 885,000 terminally ill patients in US served by hospice in 2002; Voluntary refusal of food and drink vs. PAS for "peaceful" death; When is the right time to introduce palliative care?: Hospice pioneer Josefina Magno dies. September/October 2003; 20(5): 335-337.

Hospice wage index to increase by .6 percent in 2004; Lancet: Spirituality proven to ease despair; Ventilator guidelines undergo change over time; Pharmacy textbooks still lacking in palliative care coverage; Hospice and palliative care programs boost hospital ratings; Wristband decreases chemo-related nausea; Three-day drug stability window may streamline at-home administration. November/December 2003; 20(6): 411-413.

Hospice vignettes

When dying at home was a crime. Diana Lee-Mason, Thomas A. Welk, DMin. May/June 2003; 20(3): 235-236.

Letters to the editor

Nursing

Pain and symptom management

What’s new in therapeutics? Opioids, respiratory function, and dyspnea. Susan B. LeGrand, MD, FACP; Elias A. Khawam, MD; Declan Walsh, MSc, FACP, FRCR (Edin); Donna S. Zhukovsky, MD, FACP; Francisco Gonzales, MD; Ruth Lagman, MD. March/April 2003; 20(2): 140-148.

A prospective study of the pathophysiology and clinical characteristics of pain in a palliative medicine population. Terence Guttsell, MD; Declan Walsh, MSc, FACP, FRCR (Edin); Donna S. Zhukovsky, MD, FACP; Francisco Gonzales, MD; Ruth Lagman, MD. March/April 2003; 20(2): 149-154.

Breakthrough strong opioid analgesia prescription in patients using transdermal fentanyl admitted to a hospice. Iain Lawrie, MD, ChB, MRCPG; Mari Lloyd-Williams, MD, MRCPG, MMedSc, ILTM; Esther Waterhouse. May/June 2003; 20(3): 229-230.

The Hawthorne effect in the assessment of pain over time; Pharmacy textbooks still lacking in palliative care coverage; Hospice and palliative care programs boost hospital ratings; Wristband decreases chemo-related nausea; Three-day drug stability window may streamline at-home administration. November/December 2003; 20(6): 411-413.

Letters to the editor

Treatable complications of cancer patients referred to an in-patient hospice. Tatsuya Morita, MD; You Tei, MD; Hideki Shishido, MD; Satoshi Inoue, MD. September/November 2003; 20(5): 389-391.

Assessment of nutritional status and fluid deficits in advanced cancer. Nabeel Sarhill, MD; Fadi Aziz Mahmoud, MD; Richard Christie, MD; Adnan Tahir, MD. November/December 2003; 20(6): 465-473.

Psychosocial issues

Communication of a cancer diagnosis: Patients’ perceptions of when they were first told they had cancer. Declan Walsh, MSc, FACP, FRCP (Edin); Kristine A. Nelson, MD. January/February 2003; 20(1): 52-56.

A longitudinal study of attitudes toward physician-assisted suicide and euthanasia among patients with incurable malignancy. Jaime Pacheco, MD; Paul J. Hershberger, PhD; Ronald J. Markert, PhD; Geetika Kumar, MD. March/April 2003; 20(2): 99-104.

The contextual nature of decision making near the end of life: Hospice patients’ perspectives. Donna M. Gauthier, RN, PhD; Valerie A. Swigart, RN, PhD. March/April 2003; 20(2): 121-128.

Hospice patients’ attitudes regarding spiritual discussions with their doctors. Alton Hart, Jr., MD, MPH; R. Jeff Kohlwegs, MD, MPH; Rick Deyo, MD, MPH; Lorna A. Rhodes, PhD; Deborah J. Bowen, PhD. March/April 2003; 20(2): 135-139.

Caregivers’ satisfaction with hospice care in the last 24 hours of life. David J. Casaret, MD, MA; Karen B. Hirschman, PhD, MSW; Roxane Crowley, BA; Linda D. Galbraith, MHA; Melinda Leo, MSW. May/June 2003; 20(3): 205-210.

An analysis of provider attitudes toward end-of-life decision-making. Phil Rutsohn, DrPh; Nabil Ibrahim, PhD. September/October 2003; 20(5): 371-381.

Sounding board

More patients served by hospice, but still a last resort. George R. Wilson, MD; Gary M. Reisfield, MD. May/June 2003; 20(3): 173-174.

Spiritual care

Hospice patients’ attitudes regarding spiritual discussions with their doctors. Alton Hart, Jr., MD, MPH; R. Jeff Kohlwegs, MD, MPH; Rick Deyo, MD, MPH; Lorna A. Rhodes, PhD; Deborah J. Bowen, PhD. March/April 2003; 20(2): 135-139.

Therapeutic interventions

Integrating complementary and alternative medicine (CAM) into standard hospice and palliative care. Charles R. Lewis, MD; Ana de Vedia, Lac; Barbara Reuer, PhD, MT-BC; Rodney Schwan, CMT, C-AT; Christina Tourin, CHP. May/June 2003; 20(3): 221-228.

What’s new in therapeutics?

Opioids, respiratory function, and dyspnea. Susan B. LeGrand, MD, FACP; Elias A. Khawam, MD; Declan Walsh, MSc, FACP, FRCP (Edin); Nilo I. Rivera, MD. January/February 2003; 20(1): 57-61.

Advanced care planning

Ethics roundtable. Discontinuing life support: Whose call? Steven J. Baumrucker, MD, FAAP, FAAPHM; Gregory T. Carter, MD; Matt Stolick, PhD; Joanne E. Sheldon, RN, MEd, CRNH, CIC; Gerald M. Morris, JD, LLM. January/February 2004; 21(1): 61-65.

Which primary care resident is more likely to initiate the discussion of designating a health-care proxy? Marie L. Eloi-Stiven, MD; Maria Melissa S. Tobias, MD; Madelon Finkel, PhD; Luisa Lopez-Luciano, MD; Vansantha Kondamudi, MD; Maritza DeLaRosa, MD. March/April 2004; 21(2): 105-110.

Sounding board. Physician orders for scope of treatment: Whose call? Steven J. Baumrucker, MD, FAAP, FAAPHM; Gregory T. Carter, MD; Matt Stolick, PhD; Joanne E. Sheldon, RN, MEd, CRNH, CIC; Gerald M. Morris, JD, LLM. January/February 2004; 21(1): 111-115.

Measuring preparedness to address patient preferences at the end of life. Michael N. Kane, PhD, MSW, MDiv; Elwood R. Hamlin II, DSW, MSW; Wesley E. Hawkins, PhD, LICSW. July/August 2004; 21(4): 247-248.

Alzheimer’s disease

Caregiving

A focus group for caregivers of hospice patients with severe dyspnea. Linda E. Moody, PhD, MPH, FAAN; Mary Webb, PhD, RN; Robyn Cheung, PhD, RN; Janice Lowell, MPH, RN. March/April 2004; 21(2): 121-130.

Telehospice in Michigan: Use and patient acceptance. Pamela Whitten, PhD; Gary Doolittle, MD; Michael Mackert, MA. May/June 2004; 21(3): 191-195.

Hospice staff attitudes towards telehospice. George Demiris, PhD; Debra R. Parker Oliver, PhD; David A. Fleming, MD; Karen Edson, MD. September/October 2004; 21(5): 343-347.

Information needs of family caregivers of terminal cancer patients in Taiwan. Wei-chun Lin, MS; Chao-jung Tsao, MD. November/December 2004; 21(6): 438-444.

Communication

Telehospice in Michigan: Use and patient acceptance. Pamela Whitten, PhD; Gary Doolittle, MD; Michael Mackert, MA. May/June 2004; 21(3): 191-195.

Hospice referral decisions: The role of physicians. Brenda S. Sanders, MS; Tracy L. Burket, PhD; George E. Dickinson, PhD; Robert E. Tournier, PhD. May/June 2004; 21(3): 196-202.

Measuring preparedness to address patient preferences at the end of life. Michael N. Kane, PhD, MSW, MDiv; Elwood R. Hamlin II, DSW, MSW; Wesley E. Hawkins, PhD, LICSW. July/August 2004; 21(4): 267-274.

Book review

Programmatic barriers to providing culturally competent end-of-life care. Dona J. Reese, PhD, MSW; Elizabeth Melton, BASW; Karen Ciarravino, BASW. September/October 2004; 21(5): 357-364.

Complementary therapy

Cultural issues

Cultural competence in hospice. Ardhit Z. Doorenbos, PhD, RN; Stephanie Myers Schim, PhD, RN. January/February 2004; 21(1): 28-32.

Practical recommendations for ethnically and racially sensitive hospice services. Jennifer Lyke, PhD; Merydawilda Colón, MSW, LSW. March/April 2004; 21(2): 131-133.

Programmatic barriers to providing culturally competent end-of-life care. Dona J. Reese, PhD, MSW; Elizabeth Melton, BASW; Karen Ciarravino, BASW. September/October 2004; 21(5): 357-364.
Information needs of family caregivers of terminal cancer patients in Taiwan. Wei-chun Lin, MS; Chao-jung Tsao, MD. November/December 2004; 21(6): 438-444.

**Diagnostic issues**

**Diagnostic tools**

In memoriam

Letters to the editor
Subjectively interpreting the “good death”; Dying alone with the TV; Author reply; Autonomy, advanced directives, and artificial nutrition and hydration. July/August 2004; 21(4): 253-254.

Pharmaceutical cost trends; Other factors; Place of death and caregiver satisfaction; Reply: Place of death and caregiver satisfaction. November/December 2004; 21(6): 417-418.

Management
Association of admission date with cancer patient survival at a regional hospice: Utility of a statistical process control analysis. Wilson C. Mertens, MD; Nancy E. Hoople, MPH; Carol Rodrigues, RN; Peter K. Lindenauner, MD; Evan M. Benjamin, MD. July/August 2004; 21(4): 275-284.

Music therapy

News briefs
COPD patients rarely discuss end-of-life plans with physicians; Bereavement summary cites “disconnect” between research and practice; Significant racial discrepancies seen in pain perception and treatment; NIH funds eight new grants on cancer and aging; British government reopens assisted dying debate; Second VMS vote on assisted suicide cancels out first; Long-term use of fentanyl patch safe and effective for cancer pain; Specialized palliative care units offer better and more affordable care for dying patients. January/February 2004; 21(1): 13-15.

Palliative medicine advancing rapidly as a specialty; End-stage cancer patients are being treated more and more aggressively; Virtual reality shown to lessen chemo-related stress in breast cancer patients; Cancer drugs and herbal CAM remedies may not mix; British study warns; JAMA: US patients report highest level of satisfaction with at-home hospice care. March/April 2004; 21(2): 91-93.

“Best” hospitals may be anything but when it comes to end-of-life care; FDA approves new pain management device; Oxycodeone extended-release tablets receive final FDA approval; NHPCO: Earlier access to hospice for non-cancer patients and families is critical; Death with dignity law report: Oregon DHS. May/June 2004; 21(3): 172-173.

For-profit hospices provide fewer services to patients; Oregon assisted suicide ban blocked; National Consensus Project for quality palliative care releases guidelines; Genetic link to quality of life during cancer treatment; Gender affects opioid analgesic response. July/August 2004; 21(4): 249-250.

Clinical Practice Guidelines for Quality Palliative Care available online: Seizure medication a promising adjunct to opioid therapy for cancer pain; Tendency to disregard patients’ last wishes still prevalent among doctors; Terminal sedation at end of life a common practice in the Netherlands; Nurses’ coping skills improve with specialized palliative care training; Web sites promoting unproven cancer treatments prevalent—and potentially dangerous. September/October 2004; 21(5): 333-335.

Hospice patients are living longer but costing the system less; Florida Supreme Court strikes down “Terri’s Law”; High-dose morphine safe for home hospice patients; GAO: Medicare hospice payment methodology may need revamping; Access the end-of-life care limited for breast cancer patients; Dementia patients receive “suboptimal” end-of-life care; Open Society Institute reviews impact of $45 million in grants to improve EOL care. November/December 2004; 21(6): 411-413.

Pain and symptom management

Palliative oncology update. Epidemiology of cancer pain and factors influencing poor pain control. Mellar P. Davis, MP, MD, FCCP; Declan Walsh, MSc, FACP, FRCP (Edin). March/April 2004; 21(2): 137-142.

Pharmaceutical update. The conversion challenge: From intrathecal to oral morphine. Robert K. Sylvester, PharmD; Stephanie M. Kindsay, PharmD; Caroline Schauer, RN, BSN, CHPN. March/April 2004; 21(2): 143-147.

Reduction of edema of lower extremities by subcutaneous, controlled drainage: Eight cases. Lawrence J. Klein, MB, BS, FRCS, Ceter, ABHPM; Egglec Pugachev, MD. May/June 2004; 21(3): 228-232.

Radiopharmaceuticals for palliation of painful osseous metastases. Howard Smith, MD; Annu Navani, MD; Scott M. Fishman, MD. July/August 2004; 21(4): 303-313.

Medical house officers’ attitudes toward vigorous analgesia, terminal sedation, and physician-assisted suicide. Lauris C. Kaldjian, MD; Barry J. Wu, MD; James N. Kirkpatrick, MD; Asha Thomas-Geevarghese, MD; Mary Vaughan-Sarrazin, PhD. September/October 2004; 21(5): 381-387.

Palliative oncology update

Epidemiology of cancer pain and factors influencing poor pain control. Mellar P. Davis, MP, MD, FCCP; Declan Walsh, MSc, FACP, FRCP (Edin). March/April 2004; 21(2): 137-142.

Communication in palliative medicine: A pilot study of a problem list to capture complex medical information. Declan Walsh, MSc, FACP, FRCP (Edin); Donna S. Zhukovsky, MD, FACP. September/October 2004; 21(5): 365-371.

Pet therapy

Pharmacological update

Intravesical lidocaine for formalin-induced suprapubic pain: Case report. Seema Mishra, MD; Amit Kumar Singhal, MD; T. R. Kannan, MD; Sushma Bhagatgar, MD. January/February 2004; 21(1): 58-60.

The conversion challenge: From intrathecal to oral morphine. Robert K. Sylvester, PharmD; Stephanie M. Kindsay, PharmD; Caroline Schauer, RN, BSN, CHPN. March/April 2004; 21(2): 143-147.

Hospice pharmaceutical cost trends. David Nowels, MD, MPH; Jean S. Kutter, MD, MSPH; Cordt Kassner, PhD; Connie Beehler, MD, MS. July/August 2004; 21(4): 297-302.

Establishing the safety and efficacy of an opioid titration protocol. Nancy Wells, DNP, RN; Barbara Murphy, MD; Stacey Douglas, MSN, RN; Nancy Yelton, MSN, RN. September/October 2004; 21(5): 373-380.

Pharmacotherapy

Pharmaceutical update. The conversion challenge: From intrathecal to oral morphine. Robert K. Sylvester, PharmD; Stephanie M. Kindsay, PharmD; Caroline Schauer, RN, BSN, CHPN. March/April 2004; 21(2): 143-147.

Pharmaceutical update. Establishing the safety and efficacy of an opioid titration protocol. Nancy Wells, DNP, RN; Barbara Murphy, MD; Stacey Douglas, MSN, RN; Nancy Yelton, MSN, RN. September/October 2004; 21(5): 373-380.

Professional development

Hospice referral decisions: The role of physicians. Brenda S. Sanders, MS; Tracy L. Burkett, PhD; George E. Dickinson, PhD; Robert E. Tournier, PhD. May/June 2004; 21(3): 196-202.

Psychosocial issues

Ethics roundtable. Discontinuing life support: Whose call? Steven J. Baumrucker, MD, FAAFP, FAHPM; Gregory T. Carter, MD; Matt Stolick, PhD; Joanne E. Sheldon, RN, MEd, CRNH, CIC; Gerald M. Morris, JD, LLM. January/February 2004; 21(1): 61-65.

Which primary care resident is more likely to initiate the discussion of designating a healthcare proxy? Marie L. Eloi-Stiven, MD; Maria Melissa S. Tobias, MD; Madelon Finkel, PhD; Luisa Lopez-Luciano, MD; Vansantha Kondannudi, MD; Maritza DeLaRosa, MD. March/April 2004; 21(2): 111-115.

Dying with dignity: The good patient versus the good death. Kathryn Proulx, RN, MS, NS; Cynthia Jacoblin, PhD, RN, CRRN-A. March/April 2004; 21(2): 116-120.

A focus group for caregivers of hospice patients with severe dyspnea. Linda E. Moody, PhD, MPH, FAAN; Mary Webb, PhD, RN; Robyn Cheung, PhD, RN; Janice Lowell, MPH, RN. March/April 2004; 21(2): 121-130.

Practical recommendations for ethnically and racially sensitive hospice services. Jennifer Lyke, PhD; Merydawilda Colón, MSW, LSW. March/April 2004; 21(2): 131-133.

Ethics roundtable. Denying admission of a suicidal patient to a nursing home. Steven J. Baumrucker, MD, FAAFP, FAHPM; Matt Stolick, PhD; Gerald M. Morris, JD, LLM; Joanne E. Sheldon, RN, MEd, CRNH, CIC. March/April 2004; 21(2): 149-151.

Ethics roundtable. Honoring the patient’s wishes or passive euthanasia? Steven J. Baumrucker, MD, FAAFP, FAHPM; Paul Rousseau, MD; Gerald M. Morris, JD, LLM; Matt Stolick, PhD; Patricia Hentz, APRN, CS, EdD. May/June 2004; 21(3): 233-236.

Sounding board

Spiritual care

Educational needs of hospice social workers: Spiritual assessment and interventions with diverse populations. Carol Wesley, PhD, ACSW, LCSW; Kathleen Tunney, PhD, LCSW; Ella Duncan, MSW. January/February 2004; 21(1): 40-46.

Identifying barriers to psychosocial spiritual care at the end of life: A physician group study. John T. Chibnall, PhD; Mary Lou Bennett, PhD; Susan D. Videen, PhD; Paul N. Duckro, PhD; Douglass K. Miller, MD. November/December 2004; 21(6): 419-426.

Therapeutic interventions

Pain and symptom management. Radiopharmaceuticals for palliative pain of osseous metastases. Howard Smith, MD; Annu Nabholtz, MD; Scott M. Fishman, MD. July/August 2004; 21(4): 303-313.

Pharmaceutical update. Establishing the safety and efficacy of an opioid titration protocol. Nancy Wells, DNP, RN; Barbara Murphy, MD; Stacey Douglas, MSN, RN; Nancy Yelton, MSN, RN. September/October 2004; 21(5): 373-380.

Video reviews

Caring at the End of Life. By Ben Achtenberg with Christine Mitchell, RN, FAAN. Reviewed by Louise M. Manetta, RN, MSN, NP-C, CS. March/April 2004; 21(2): 157-158.
